

# KLA Corporation's Standards of Business Conduct for Suppliers

## Introduction

KLA Corporation's<sup>1</sup> ("KLA") Standards of Business Conduct for Suppliers<sup>2</sup> ("SoBC") sets forth the minimum standards of conduct that KLA expects all of its Suppliers to meet while conducting business with, or on behalf of, KLA. KLA is committed to conducting business with the highest integrity and in compliance with applicable standards and legal requirements and we expect the same of Suppliers.

Failure to comply with the provisions of the SoBC may result in the termination of KLA's business relationship with Suppliers.

Further, KLA is committed to promoting its Environmental, Social, and Governance ("ESG") program within our internal operations and with our suppliers. As part of this commitment, and as a condition of our membership to the Responsible Business Alliance (RBA), we comply with the [RBA Code of Conduct](#). KLA expects Suppliers to also comply with the RBA Code of Conduct requirements and to communicate them to their next-tier suppliers.

## 1. Compliance with Legal Requirements

It is KLA's expectation that Suppliers comply with applicable local and international legal requirements, including but not limited to, the laws and regulations relating to all standards set forth in the SoBC.

## 2. Business Ethics & Conduct

As a Supplier for KLA, it is expected that Suppliers conduct business with the highest standards of integrity and commit to being honest and transparent in all of their business dealings. Suppliers must not be misleading nor deceptive with KLA at any point or stage of the relationship.

## 3. Conflicts of Interest

Suppliers have an obligation to avoid any conflicts of interest that would jeopardize or compromise their ability to objectively perform their contractual obligations to KLA and they have a duty to disclose to KLA any perceived, potential, or actual conflicts of interest, including relationships or affiliations that could give rise to such a conflict.

Without limiting the foregoing, Suppliers must never corruptly or improperly make, promise, authorize, approve, or offer to make any payment or provide anything else of value to any third party, directly or indirectly (i.e., through or via a third party), for the purpose of obtaining or retaining business or securing an improper advantage anywhere in the world.
